Preparation for a Fee For Service System: A Guide for Caregivers
For individuals 21 years of age and older and their caregivers

The New Jersey Division of Developmental Disabilities (DDD), which serves adults with intellectual and developmental disabilities (I/DD) 21 years of age and over, is transitioning from a contract system of care to a fee for service (FFS) system.

</thead>
<tbody>
<tr>
<td>Annual contracts. Payment made by DDD to an agency before service is provided</td>
<td>Agency submits a bill to Medicaid after service is provided</td>
</tr>
<tr>
<td>Based on slots available in a program</td>
<td>Service is tied to the person</td>
</tr>
<tr>
<td>Multiple rates for similar services</td>
<td>Standard rates for similar services</td>
</tr>
</tbody>
</table>

What does this mean for caregivers?

- **Support Coordinator**: Individuals eligible for DDD services will no longer have a case manager. Instead, individuals and their caregivers will choose a Support Coordinator to provide case management services.
- **Budget**: Individuals eligible for DDD services will be assigned a budget based on their level of need. The individual and their caregivers will work with a Support Coordinator to choose which agencies to "purchase" services from. The Support Coordinator is responsible for maintaining the budget and coordinating services.
- **Budget Determination**: All current and newly eligible individuals will be assessed using the New Jersey Comprehensive Assessment Tool (NJ CAT). This tool assesses a person’s strengths and weaknesses and identifies areas in which a person will need support and assistance. It is important that an accurate picture of the person’s strengths and weaknesses are recorded. The results of the NJ CAT determine an individual’s budget.

### Medicaid Eligibility

- **Individuals found eligible for DDD services must become and maintain Medicaid eligibility.** Individuals with private health insurance may remain on it, but must also become Medicaid eligible.
- **Three Primary Methods:**
  - Beginning at age 18 apply for Social Security Income (SSI) and if eligible you will automatically receive Medicaid.
  - New Jersey Workability allows a person with a disability to work and keep their Medicaid. Call for more information — 888-285-3036
  - Apply for Medicaid at your County Board of Social Services.
